Docket No. 98N-1265 - 6 AUG 20
Food and Drug Administration

5600 Fishers Lane
Rockville, MD. 20857

10PPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular;
I OBJECT to the definition of "inordinate amount" which restricts the availability
and the right to obtain medically necessary compounded medications by limiting
the number of prescriptions that can be shipped across state lines from specialized
compounding pharmacies.

COMMENTS: I have a very good relationship
with a pharmacy in Wisconsin and would
like to see it permitted. The pharmacists
were so helpful to me while I was going
through the change. I could not find
any pharmacy like them in my area.
This pharmacy will provide my "custom"
medications. My menopausal symptoms are
pretty much under control. They also have
an ongoing relationship with my family
doctor. I like to see this ended and
ask you please to vote against this draft.
